TERMS OF ELIGIBILITY

1. Heifers may be nominated by any Tennessee Simmental Association member in good standing.
2. Heifers must sell in either a TSSA sponsored sale or a TSSA member's approved production sale in order to be considered eligible. No heifer sold by private treaty and no leased heifers will be considered eligible.
3. The fee to nominate a heifer is \$50 if nominated by the date of sale or \$100 within 30 days after the sale. No nomination fee will be returned, and no nomination will be accepted more than 30 days after the sale. Nomination fees may be deducted from sale proceeds; however, paperwork must be completed by the date of sale in order to nominate a heifer at the minimal fee.
4. The Futurity show will be divided into a purebred and percentage division with nomination fees paying into the appropriate show.
5. The site of the Tennessee Junior Simmental Futurity will rotate and should be determined at least one year prior to the show date.
6. The pay-out for both a purebred and a percentage division is as follows:
 - 50% to Grand Champion
 - 25% to Reserve Champion
 - 25% to Remaining show participants in that division

Note: If no nominated animals show in a division, all monies will be paid out to one division with a 100% payout each year. No monies will be carried over to the following year.

7. All nominated heifers must be exhibited by the original junior purchaser of the animal in order to maintain Futurity eligibility.
